

## COORDINATION TABLE (Nissan Unique CO-TABLE)

### Key Points

- The Coordination Table is the official document of NMEX (Production Control) for the confirmation of the supplier for the availability to provide parts for functional trials, and adoption of a D. NOTE.
- The Coordination Table is prepared by Nissan and is sent to supplier for its response
- Adoption date indicated in the Coordination Table has to be the exactly date when the first delivery (with the new condition) from supplier will be received at NISSAN.
- Coordination table has to contain the sign from supplier responsible (Quality manager / Production manager) in order to consider this as the official date to adopt.

### Minimum Content Requirements

A Coordination Table shall be responded for:

- Each new Design Change.
- Each supplier plant location.

### Document Description

Index	CO-TABLE #:	This is the serial number for CO- TABLE, this is defined by Nissan (Information completed by Nissan)
	Supplier	Indicates the supplier that will respond the CO-TABLE (Information completed by Nissan)
	Contact	Indicates the supplier contact (Information completed by Nissan)
	Date	Date for CO-TABLE creation (Information completed by Nissan)
Change description	D. NOTE	Indicates the D. NOTE for the change (Information completed by Nissan)
	MODEL	Indicates models to be affected with the change (Information completed by Nissan)
	TITLE	Title of the change (Information completed by Nissan)
	CHANGE REASON	Reason of the change (Information completed by Nissan)
	IMPORTANT PART	Indicates if includes an important part (Information completed by Nissan)
	PART NUMBER	Indicates the current and new part number (Information completed by Nissan)
	DESCRIPTION	Name of the part (Information completed by Nissan)
	FUNCTIONAL TRIAL SAMPLES	Indicates the quantity and the date for parts for functional trial (Information completed by Nissan)
	ADOPTION DATE REQUEST	Indicates the date requested by production control to adopt the change (Information completed by Nissan)

Response requirement	PLEASE RESPOND NO LONGER THAN:	Date requested for CO-TABLE response (Information completed by Nissan)
	NAME	Name of Nissan Production Control responsible person (Information completed by Nissan)
	DEPARTMENT	Department of Nissan responsible from Production Control (Information completed by Nissan)
	PH NUMER	Phone number of Nissan Production Control responsible (Information completed by Nissan)
	MAIL	Mail of Nissan Production Control responsible (Information completed by Nissan)
	NISSAN REMARKS	Remarks by Nissan (Information completed by Nissan)
	FUNCTIONAL TRIAL	Color of NPDN for functional trial (Information completed by Nissan)
	ADOPTION	Color of NPDN for adoption (Information completed by Nissan)
Response by supplier	WINDOW PERSON	Window person from supplier
	REPLY DATE	Date of the reply
	PART NUMBER	Indicates the current and new part number (Information completed by Nissan)
	DESCRIPTION	Name of the part (Information completed by Nissan)
	SCHEDULE DATE TO SUBMIT PSW	Estimated date for PSW approval submission
	TOOLING MODIFICATION LEAD TIME	Lead time for tooling modification
	NEW PART DELIVERY DATE	Indicate dates for samples, Civac adoption and Aguascalientes adoption
	SUPPLIER REMARKS	Remarks by supplier
	ANPQP WINDOW PERSON (QUALITY MANAGER):	Sign by ANPQP window person from supplier
	PROCESS/PRODUCTION MANAGER:	Sign by PROCESS / PRODUCTION manager from supplier
